

Seamless API 5CT Oilfield Casing Pipes Oil Well Drilling Tubing Pipe

Our Product Introduction

for more products please visit us on pipe-seamless.com

Basic Information

- Place of Origin: hebei, china
- Brand Name: BaoYang
- Certification: CE & ISO
- Model Number: Seamless Steel Pipe
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden packing
- Delivery Time: 7~15 working days
- Payment Terms: L/C, D/P, T/T

Product Specification

- Ends: Beveled Thread+Couplings
- Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
- Processing Service: Bending, Punching, Cutting
- Technology: Hot Rolled Cold Rolled
- Usage: Pipeline Transport, Oil/Gas Drilling, Machinery Industry
- Material: Carbon Steel Alloy Steel
- Name: Seamless Steel Pipe
- Length: 6M 12M OR According To Customer Requirements
- Highlight: **Seamless API 5CT Oilfield Casing Pipes, Seamless Oil Well Drilling Tubing Pipe, Seamless Oilfield Casing Pipes**

Product Description

Product Description:

The Seamless Steel Pipe is a versatile product that is used in a wide range of applications, including oil and gas steel pipes and seamless steel pipe for fluid transportation. The product is available in a variety of sizes, shapes, and grades to meet the specific needs of different industries.

The product meets the highest industry standards and is certified by API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2. This ensures that the product is of the highest quality and meets the specific requirements of each industry.

The Seamless Steel Pipe is made of high-quality materials such as carbon steel and alloy steel, which ensures that the product has excellent mechanical properties and is able to withstand high pressures and temperatures. The product is also resistant to corrosion, which makes it ideal for use in harsh environments.

The product is available with a range of processing services, including bending, punching, and cutting. This makes it easy for customers to customize the product to meet their specific requirements. The product is also available in different lengths and diameters, which makes it suitable for use in a wide range of applications.

The Alloy Seamless Steel Pipe is a reliable and efficient product that is designed to meet the specific needs of different industries.

Whether you are looking for oil and gas steel pipes or seamless steel pipe for fluid transportation, this product is the perfect choice for you.

With its advanced technology, high-quality materials, and range of processing services, this product is the ideal solution for your needs.

Features:

Product Name: Seamless Steel Pipe

Material: Carbon Steel, Alloy Steel

Length: 6M, 12M, or According To Customer Requirements

Processing Service: Bending, Punching, Cutting

Process: Hot Rolled, Cold Rolled, Cold Drawn

Ends: Beveled, Thread+Couplings

This product is suitable for various applications such as Structural Steel Pipes, Pipeline Steel Pipe, and Alloy Seamless Steel Pipe.

Technical Parameters:

Technical Parameters	Value
Technology	Hot Rolled, Cold Rolled
Process	Hot Rolled, Cold Rolled, Cold Drawn
Material	Carbon Steel, Alloy Steel
Ends	Beveled, Thread+Couplings
Standard	API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
Length	6M, 12M OR According To Customer Requirements
Name	Seamless Steel Pipe
Processing Service	Bending, Punching, Cutting
Wall Thickness	1-20mm (0.04 Inch - 0.78 Inch)
Usage	Pipeline Transport, Oil/Gas Drilling, Machinery Industry
Additional	Alloy Seamless Steel Pipe, Low Temperature Steel Pipe

Applications:

BaoYang Seamless Steel Pipe is a high-quality product that is widely used in various industries due to its unique properties. Its model number is Seamless Steel Pipe, and it is produced in Hebei, China. The product is made of high-quality materials and is available in wall thickness ranging from 1-20mm (0.04 Inch - 0.78 Inch). The seamless steel pipe is produced using two main technologies, namely Hot Rolled and Cold Rolled, and Cold Drawn.

Due to its excellent properties, BaoYang seamless steel pipe is suitable for a variety of applications. It can be used as a Pipeline Steel Pipe, which is used to transport oil, natural gas, and other fluids. It is also suitable for use as an Oil and Gas Steel Pipe, which is used in the oil and gas industry to transport crude oil and natural gas from the wellhead to processing facilities or storage tanks.

The BaoYang Seamless Steel Pipe can be used in various scenarios such as in the construction industry where it is used to construct buildings, bridges, and other infrastructure projects. It is also suitable for use in the automotive industry, where it can be used to manufacture engine components and other parts. Additionally, the product can be used in the manufacturing industry, where it is used to make machinery and equipment.

The BaoYang Seamless Steel Pipe offers a variety of processing services such as bending, punching, and cutting. These services make it easy for customers to customize the product to suit their specific needs. The product is available in different sizes, and customers can order customized sizes to fit their unique requirements.

In conclusion, the BaoYang Seamless Steel Pipe is a high-quality product that can be used in various industries due to its unique properties. The product is available in different sizes and can be customized to suit the specific needs of customers. Its unique properties make it suitable for use as a Pipeline Steel Pipe, Oil and Gas Steel Pipes, and in various other scenarios.

Support and Services:

Our Seamless Steel Pipe product comes with comprehensive technical support and services to ensure that our customers have a seamless experience with our product. Our team of experts is available to provide technical assistance in selecting the right product for your application, installation guidance, and troubleshooting any issues you may encounter. Additionally, we offer maintenance and repair services to ensure that your Seamless Steel Pipe remains in optimal condition for its intended use. Contact us for more information on our technical support and services for the Seamless Steel Pipe product.

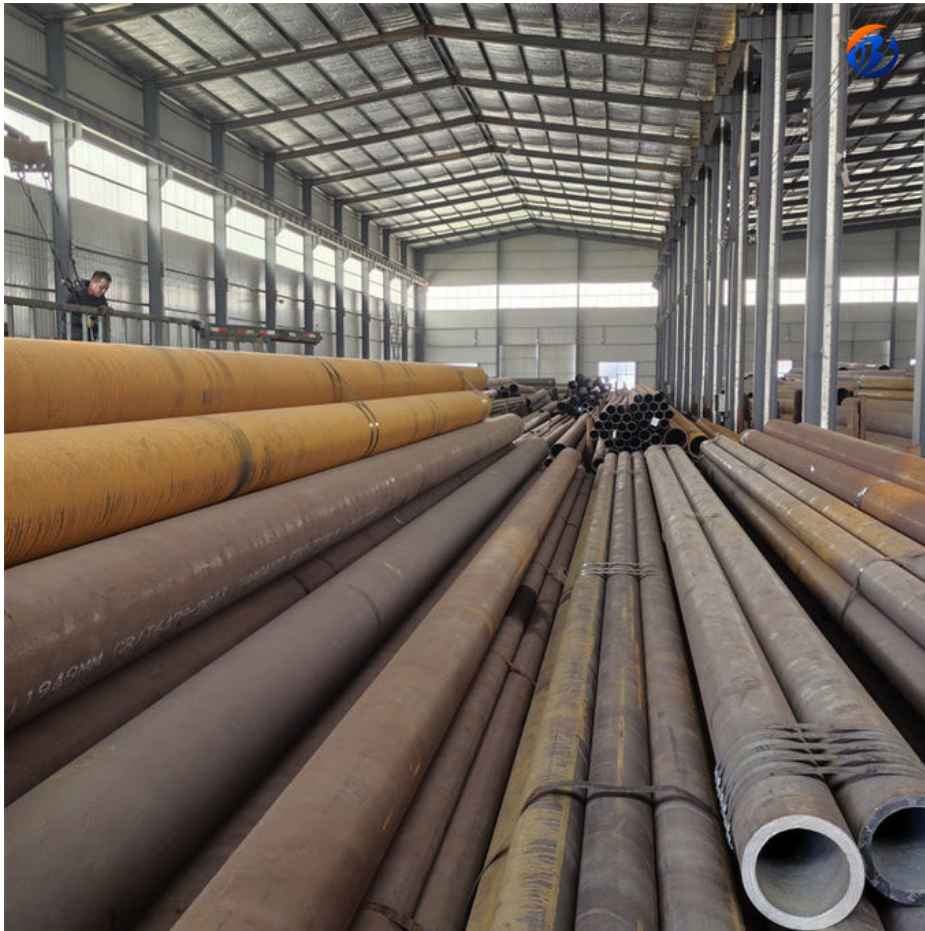

Packing and Shipping:

Product Packaging:

1. Plastic caps on both ends
2. Steel bundle or in bulk
3. Wrapped with waterproof cloth and sackcloth with several steel strips
4. According to customer's requirement

Product Shipping:

1. Shipping by sea or by train
2. Delivery time: within 30-60 days after receiving the deposit
3. Port of shipment: Tianjin Port, Shanghai Port, Qingdao Port, or any other port in China
4. Shipping package: standard export package or according to customer's requirement
