

## ASTM A106 Gr. B /A179/A192 Seamless Carbon Steel Pipe for Boiler

### Our Product Introduction

for more products please visit us on [pipe-seamless.com](http://pipe-seamless.com)

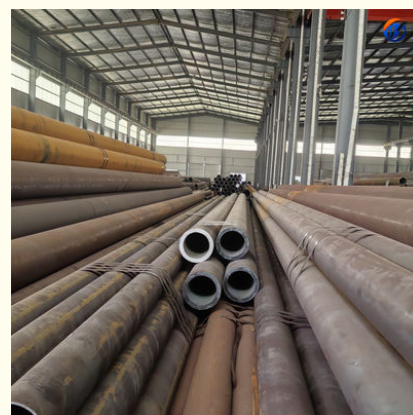

#### Basic Information

- Place of Origin: hebei, china
- Brand Name: BaoYang
- Certification: CE & ISO
- Model Number: Seamless Steel Pipe
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden packing
- Delivery Time: 7~15 working days
- Payment Terms: L/C, D/P, T/T

#### Product Specification

- Technology: Hot Rolled Cold Rolled
- Wall Thickness: 1-20mm (0.04 Inch - 0.78 Inch)
- Material: Carbon Steel Alloy Steel
- Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
- Process: Hot Rolled Cold Rolled Cold Drawn
- Length: 6M 12M OR According To Customer Requirements
- Usage: Pipeline Transport, Oil/Gas Drilling, Machinery Industry
- Processing Service: Bending, Punching, Cutting
- Highlight: **ASTM A106 Seamless Carbon Steel Pipe, A179 Seamless Carbon Steel Pipe, A192 Seamless Carbon Steel Pipe**

## Product Description

### Product Description:

The Seamless Steel Pipes are available with two types of ends: beveled and thread+couplings. This allows for greater flexibility in their usage, making them ideal for a wide range of applications, including pipeline transport, oil/gas drilling, and machinery industry. They are also ideal for use in structural steel pipes, where their strength and durability are essential.

The wall thickness of our Seamless Steel Pipes ranges from 1-20mm (0.04 Inch - 0.78 Inch), making them suitable for a variety of applications. They are also available in a range of standard sizes to meet the needs of different industries and applications.

Our Seamless Steel Pipes meet a number of international standards, including API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, and ASTM A53-2. This ensures that they are of the highest quality and meet the most stringent industry standards.

Our Seamless Steel Pipes are made from high-quality carbon steel, which provides exceptional strength and durability. This makes them ideal for use in a wide range of applications, including structural steel pipes, where their strength and durability are essential.

In conclusion, our Seamless Steel Pipes are a top-quality product that is ideal for use in a wide range of applications, including pipeline transport, oil/gas drilling, machinery industry, and structural steel pipes. They are made using advanced technology and meet the most stringent industry standards, making them a reliable and durable choice for all your piping needs.

### Features:

Product Name: Seamless Steel Pipe

Usage:

Pipeline Transport

Oil/Gas Drilling

Machinery Industry

Name: Seamless Steel Pipe

Standard:

API

ASTM

JIS

API 5CT

API 5L

ASTM A106-2006

ASTM A53-2

Material:

Carbon Steel

Alloy Steel

Ends: Beveled Thread+Couplings

Other possible keywords:

Alloy Seamless Steel Pipe

Low Temperature Steel Pipe

Seamless Steel Pipe For Fluid Transportation

### Technical Parameters:

Material	Carbon Steel, Alloy Steel
Technology	Hot Rolled, Cold Rolled, Cold Drawn
Processing Service	Bending, Punching, Cutting
Wall Thickness	1-20mm (0.04 Inch - 0.78 Inch)
Length	6M, 12M OR According To Customer Requirements
Usage	Pipeline Transport, Oil/Gas Drilling, Machinery Industry, High Pressure Boiler Steel Pipe, Low Temperature Steel Pipe, Structural Steel Pipes
Standard	API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
Ends	Beveled, Thread+Couplings
Name	Seamless Steel Pipe
Process	Hot Rolled, Cold Rolled, Cold Drawn

### Applications:

Looking for a reliable seamless steel pipe that can withstand heavy-duty applications? Look no further than BaoYang Seamless Steel Pipe. Made in Hebei, China, this product is designed to meet the highest industry standards, including API, ASTM, and JIS specifications. It is suitable for use in a variety of industries, including pipeline transport, oil/gas drilling, and machinery industry.

Whether you need a pipeline steel pipe, low temperature steel pipe, or seamless steel pipe for fluid transportation, this product has got you covered. With a wall thickness of 1-20mm (0.04 inch - 0.78 inch), it is strong and durable enough to handle even the toughest applications.

Some of the occasions and scenarios where this product can be useful include:

**Oil and gas drilling:** BaoYang Seamless Steel Pipe is ideal for use in oil and gas drilling applications. Its strength and durability make it suitable for use in harsh environments and challenging drilling conditions.

**Pipeline transport:** This product is also ideal for use in pipeline transport applications. Its strength and durability ensure that it can withstand the pressures and stresses of pipeline transport, making it a reliable choice for transporting oil, gas, and other fluids.

**Machinery industry:** BaoYang Seamless Steel Pipe is also suitable for use in the machinery industry. Its strength and durability make it ideal for use in heavy machinery and equipment, ensuring that it can withstand even the toughest applications.

With its high-quality material (carbon steel alloy steel), BaoYang Seamless Steel Pipe is a reliable choice for anyone looking for a durable and long-lasting product. So why wait? Order yours today and experience the difference for yourself!

## Support and Services:

Our technical support and services for Seamless Steel Pipe product are designed to ensure that our customers receive the highest quality of product and service. We provide:

Product consultation and recommendations

Product testing and analysis

Product customization

Product repair and maintenance

Technical training and support

Our experienced team of professionals is dedicated to providing efficient and effective solutions to meet our customers' needs. We strive to deliver exceptional customer service and support throughout the entire product lifecycle.

## Packing and Shipping:

**Product Packaging:**

Seamless steel pipes are securely packed in bundles with steel strips and plastic caps to prevent damage during transportation.

The bundles are then wrapped with waterproof material and placed in wooden crates or boxes.

**Shipping:**

The seamless steel pipes will be shipped by sea or by air depending on the customer's preference.

We ensure that all necessary documents for export are prepared and provided to the customer.

The shipping schedule and tracking information will be communicated to the customer in a timely manner.

**Cangzhou Baoyang Pipeline Equipment Co., Ltd.**
