

Cold Drawn Seamless Steel Pipe For Machinery Industry

Our Product Introduction

for more products please visit us on pipe-seamless.com

Basic Information

- Place of Origin: hebei, china
- Brand Name: BaoYang
- Certification: CE & ISO
- Model Number: Seamless Steel Pipe
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden packing
- Delivery Time: 7~15 working days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 500000Pcs/Per Month

Product Specification

- Length: 6M 12M OR According To Customer Requirements
- Process: Hot Rolled Cold Rolled Cold Drawn
- Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
- Processing Service: Bending, Punching, Cutting
- Usage: Pipeline Transport, Oil/Gas Drilling, Machinery Industry
- Technology: Hot Rolled Cold Rolled
- Wall Thickness: 1-20mm (0.04 Inch - 0.78 Inch)
- Material: Carbon Steel Alloy Steel
- Highlight: **Cold Drawn Seamless Steel Pipe, Machinery Industry Seamless Steel Pipe, Cold Drawn seamless steel tube**

Product Description

Product Description:

The Seamless Steel Pipe product is a versatile and durable option for various applications in the industrial sector. With its high-quality construction and reliable performance, this product is suitable for a wide range of uses, including pipeline transport, oil/gas drilling, and the machinery industry.

Utilizing advanced technology such as hot rolled and cold rolled processes, the Seamless Steel Pipe is manufactured to meet stringent standards and specifications. This ensures that the product exhibits excellent strength, corrosion resistance, and overall quality, making it a reliable choice for demanding applications.

When it comes to ends, the Seamless Steel Pipe is designed with beveled ends and thread+couplings, allowing for easy installation and secure connections. This feature enhances the efficiency and safety of the piping system, especially in high-pressure environments such as in the oil and gas industry.

In terms of processing service, the Seamless Steel Pipe offers a range of options including bending, punching, and cutting. This flexibility allows for customization and adaptation to specific project requirements, making it a versatile solution for various construction and industrial projects.

Compliant with industry standards such as API, ASTM, and JIS, the Seamless Steel Pipe meets the requirements of key specifications including API 5CT, API 5L, ASTM A106-2006, and ASTM A53-2. This ensures that the product adheres to quality benchmarks and regulatory guidelines, providing customers with peace of mind regarding its performance and reliability.

Whether used for high-pressure boiler applications, alloy seamless steel projects, or carbon steel seamless pipe installations, the Seamless Steel Pipe delivers exceptional performance and durability. Its robust construction and superior quality make it an ideal choice for demanding industrial environments where reliability and efficiency are paramount.

Features:

Product Name: Seamless Steel Pipe

Process:

Hot Rolled

Cold Rolled

Cold Drawn

Usage:

Pipeline Transport

Oil/Gas Drilling

Machinery Industry

Processing Service:

Bending

Punching

Cutting

Length: 6M 12M OR According To Customer Requirements

Name: Seamless Steel Pipe

Technical Parameters:

Processing Service	Bending, Punching, Cutting
Wall Thickness	1-20mm (0.04 Inch - 0.78 Inch)
Technology	Hot Rolled Cold Rolled
Process	Hot Rolled Cold Rolled Cold Drawn
Standard	API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
Usage	Pipeline Transport, Oil/Gas Drilling, Machinery Industry
Name	Seamless Steel Pipe
Ends	Beveled Thread+Couplings
Length	6M 12M OR According To Customer Requirements
Material	Carbon Steel Alloy Steel

Applications:

BaoYang Seamless Steel Pipe is a versatile product that finds its application in various occasions and scenarios due to its exceptional quality and performance. Made in hebei, China, this seamless steel pipe is a reliable choice for a wide range of uses.

One of the key application areas for this product is in Pipeline Transport. Thanks to its durable material and seamless construction, BaoYang Seamless Steel Pipe is ideal for use in transporting liquids, gases, and other substances over long distances with efficiency and safety.

Another important application scenario for this product is in Oil and Gas Drilling operations. The seamless design of the steel pipe

ensures smooth fluid flow, making it a preferred choice for drilling activities in the oil and gas industry. The Machinery Industry also benefits greatly from the use of BaoYang Seamless Steel Pipe. With processing services such as bending, punching, and cutting available, this product can be customized to suit specific machinery requirements, offering strength and reliability in various applications. Whether it's for Structural Steel Pipes, Low Temperature Steel Pipe, or Seamless Steel Pipe for Fluid Transportation, BaoYang Seamless Steel Pipe delivers exceptional performance. Its hot rolled and cold rolled technology, along with the hot rolled, cold rolled, and cold drawn processes, ensure high-quality standards that meet the demands of diverse industries.

Customization:

Product Customization Services for the Seamless Steel Pipe: -----
Brand Name: BaoYang
Model Number: Seamless Steel Pipe
Place of Origin: hebei, china
Wall Thickness: 1-20mm (0.04 Inch - 0.78 Inch)
Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
Length: 6M 12M OR According To Customer Requirements
Material: Carbon Steel Alloy Steel
Processing Service: Bending, Punching, Cutting
Keywords: Oil and Gas Steel Pipes, Seamless Steel Pipe For Fluid Transportation, Alloy Seamless Steel Pipe

Support and Services:

Our company provides comprehensive technical support and services for our Seamless Steel Pipe product. Our team of experts is ----- available to assist with any inquiries regarding product specifications, installation guidance, maintenance recommendations, and troubleshooting assistance. We are committed to ensuring that our customers receive the necessary support to optimize the performance and longevity of our Seamless Steel Pipe product.
