

Premium Seamless Pipes For Oil Gas And Construction Industries

Our Product Introduction

for more products please visit us on pipe-seamless.com

Basic Information

- Place of Origin: hebei, china
- Brand Name: BaoYang
- Certification: CE & ISO
- Model Number: Seamless Steel Pipe
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden packing
- Delivery Time: 7~15 working days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 5000000Pcs/Per Month

Product Specification

- Wall Thickness: 1-20mm (0.04 Inch - 0.78 Inch)
- Name: Seamless Steel Pipe
- Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
- Ends: Beveled Thread+Couplings
- Technology: Hot Rolled Cold Rolled
- Processing Service: Bending, Punching, Cutting
- Material: Carbon Steel Alloy Steel
- Process: Hot Rolled Cold Rolled Cold Drawn
- Highlight: **Premium Seamless Pipes,
Construction Industries Seamless Pipes,
Oil Gas Seamless Pipes**

Product Description

Product Description:

The Seamless Steel Pipe is a versatile product used in various industries for its durability and strength. It is commonly used in Pipeline Transport, Oil/Gas Drilling, and the Machinery Industry due to its reliable performance and long-lasting properties.

This product is made from high-quality materials including Carbon Steel and Alloy Steel, known for their excellent tensile strength and corrosion resistance. The use of these materials ensures that the Seamless Steel Pipe is suitable for a wide range of applications, including high-pressure boiler systems and structural projects.

When it comes to standards, this Seamless Steel Pipe complies with industry-leading specifications such as API, ASTM, and JIS. It meets standards like API 5CT, API 5L, ASTM A106-2006, and ASTM A53-2, ensuring that it meets the necessary requirements for different projects and applications.

The wall thickness of this Seamless Steel Pipe ranges from 1mm to 20mm (0.04 Inch - 0.78 Inch), providing options for various pressure and load-bearing requirements. This makes it suitable for use in high-pressure environments such as oil and gas drilling operations, where reliability and performance are crucial.

For added convenience and ease of installation, the ends of this Seamless Steel Pipe are designed with beveled threads and couplings. This feature ensures a secure and tight connection, reducing the risk of leaks or failures in the pipeline system.

In summary, the Seamless Steel Pipe is a top choice for industries requiring High Pressure Boiler Steel Pipe, Pipeline Steel Pipe, and Structural Steel Pipes. Its quality materials, adherence to industry standards, versatile wall thickness options, and convenient end design make it a reliable and efficient solution for various applications.

Features:

Product Name: Seamless Steel Pipe

Ends: Beveled Thread+Couplings

Usage: Pipeline Transport, Oil/Gas Drilling, Machinery Industry

Length: 6M 12M OR According To Customer Requirements

Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2

Processing Service: Bending, Punching, Cutting

Technical Parameters:

| | |
|--------------------|---|
| Processing Service | Bending, Punching, Cutting |
| Name | Seamless Steel Pipe |
| Technology | Hot Rolled Cold Rolled |
| Wall Thickness | 1-20mm (0.04 Inch - 0.78 Inch) |
| Usage | Pipeline Transport, Oil/Gas Drilling, Machinery Industry |
| Material | Carbon Steel Alloy Steel |
| Process | Hot Rolled Cold Rolled Cold Drawn |
| Length | 6M 12M OR According To Customer Requirements |
| Ends | Beveled Thread+Couplings |
| Standard | API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2 |

Applications:

BaoYang Seamless Steel Pipe is a versatile product that finds numerous application occasions and scenarios due to its high-quality attributes. With a brand name that signifies reliability and excellence, this seamless steel pipe is a preferred choice in various industries. Coming from hebei, china, this Seamless Steel Pipe is known for its durability and strength. It is available in different wall thicknesses ranging from 1mm to 20mm (0.04 Inch - 0.78 Inch), making it suitable for a wide range of applications.

The length of the Seamless Steel Pipe can be customized to meet customer requirements, with options of 6M, 12M, or tailored lengths. This flexibility in length makes it ideal for projects of varying scales and sizes.

Manufactured through processes like Hot Rolled, Cold Rolled, and Cold Drawn, the Seamless Steel Pipe from BaoYang meets high-quality standards. It conforms to various industry standards such as API, ASTM, and JIS, including specifications like API 5CT, API 5L, ASTM A106-2006, and ASTM A53-2.

The ends of the Seamless Steel Pipe are designed for easy installation and connection, featuring beveled threads and couplings. This makes it convenient for pipeline construction and maintenance tasks.

Due to its exceptional attributes, the Alloy Seamless Steel Pipe is commonly used in scenarios requiring corrosion resistance, high pressure, and temperature tolerance. The Carbon Steel Seamless Pipe variant is preferred in applications where strength and rigidity are crucial.

Furthermore, the Pipeline Steel Pipe variant of BaoYang Seamless Steel Pipe is widely utilized in industries like oil and gas, petrochemical, construction, and infrastructure development. Its reliability and performance make it a go-to choice for demanding projects.

Customization:

Product Customization.Services for.Seamless Steel Pipe: -----
Brand Name: BaoYang
Model Number: Seamless Steel Pipe
Place of Origin: hebei, china
Material: Carbon Steel Alloy Steel
Length: 6M 12M OR According To Customer Requirements
Standard: API, ASTM, JIS, API 5CT, API 5L, ASTM A106-2006, ASTM A53-2
Ends: Beveled Thread+Couplings
Process: Hot Rolled Cold Rolled Cold Drawn

Support and Services:

Our company offers comprehensive product technical support and services for Seamless Steel Pipe. Our team of experts is dedicated to assisting you with any questions or issues you may have regarding the product. Whether you require assistance with installation, maintenance, troubleshooting, or any other technical aspect, we are here to help.
