

Round Carbon Steel Seamless Pipe ASTM / ASME / DIN / En Standards

Our Product Introduction

for more products please visit us on pipe-seamless.com

Basic Information

- Place of Origin: hebei, china
- Brand Name: BaoYang
- Certification: CE & ISO
- Minimum Order Quantity: 1
- Price: Negotiable
- Packaging Details: Wooden packing
- Delivery Time: 7~15 working days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 5000000Pcs/Per Month

Product Specification

- Production: Hot Rolled
- Alloy Or Not: Non-alloy Carbon Steel
- Processing Service: Welding, Cutting, Bending, Decoiling
- Shipping Method: By Sea
- Hs Code: 7304399000
- Delivery Condition: Annealing
- Grade: A, B, C
- Thickness: STD-SCH80, SGP DIN
- Highlight: **ASTM carbon seamless steel pipe ,
DIN Carbon Steel Seamless Pipe ,
ASME Carbon Steel Seamless Pipe**

Product Description

Product Description:

The Carbon Steel Seamless Pipe is a high-quality product that meets the needs of various industries. This product is a non-alloy carbon steel, ensuring durability and reliability in its applications. It is produced through the hot-rolled process, resulting in a seamless pipe with excellent strength and performance.

With a grade range of A, B, and C, this Carbon Steel Seamless Pipe offers options for different requirements and specifications. Whether you need a high-strength pipe for demanding applications or a more standard grade for general use, this product has you covered.

The main product offering of the Carbon Steel Seamless Pipe is ideal for various applications, including as a carbon steel line pipe. Its seamless design ensures a smooth flow of materials, making it suitable for transporting liquids, gases, and other substances with efficiency and reliability.

When it comes to thickness options, the Carbon Steel Seamless Pipe offers a range from STD to SCH80, as well as SGP DIN. This versatility allows you to select the appropriate thickness based on your specific needs and requirements, ensuring that the pipe performs optimally in its intended application.

In conclusion, the Carbon Steel Seamless Pipe is a top-tier product that excels in quality, performance, and durability. Its non-alloy carbon steel composition, hot-rolled production method, grade options, and seamless design make it a versatile and reliable choice for various industries and applications. Whether you need a carbon steel line pipe or a seamless carbon steel pipe for other purposes, this product delivers exceptional value and performance.

Features:

Product Name: Carbon Steel Seamless Pipe

Alloy Or Not: Non-alloy Carbon Steel

Production: Hot Rolled

Processing Service: Welding, Cutting, Bending, Decoiling

Grade: A, B, C

Thickness: STD-SCH80, SGP DIN

Technical Parameters:

| | |
|--------------------|---------------------------------------|
| Shipping Method | By Sea |
| Main Product | Seamless Carbon Steel Pipe |
| Grade | A, B, C |
| Thickness | STD-SCH80, SGP DIN |
| Hs Code | 7304399000 |
| Alloy Or Not | Non-alloy Carbon Steel |
| Production | Hot Rolled |
| Length | Random Length, Fixed Length, SRL, DRL |
| Standards | ASTM/ASME/DIN/En |
| Processing Service | Welding, Cutting, Bending, Decoiling |

Applications:

BaoYang Carbon Steel Seamless Pipe is a versatile and high-quality product suitable for a wide range of application occasions and scenarios. With its excellent attributes and specifications, this product is ideal for various industries and projects.

Originating from Hebei, China, BaoYang Carbon Steel Seamless Pipe is known for its durability and reliability. It comes in different thicknesses, ranging from STD to SCH80, SGP DIN, making it suitable for different pressure and temperature requirements.

Compliant with standards such as ASTM, ASME, DIN, and En, this product ensures high performance and quality assurance. Whether you need an ASTM A192 carbon steel pipe or an ASTM A106 carbon steel pipe, BaoYang has you covered.

When it comes to shipping, BaoYang Carbon Steel Seamless Pipe is typically transported by sea, ensuring timely delivery to your desired location. Its welding connection allows for secure and leak-proof installations, making it suitable for various piping systems.

Moreover, the processing services offered for this product, including welding, cutting, bending, and decoiling, provide flexibility and customization options based on your specific project requirements.

Whether you are working on a construction project, industrial application, or infrastructure development, BaoYang Carbon Steel Seamless Pipe is a reliable choice that meets industry standards and specifications. Trust in the quality and performance of this product for your next project.

Customization:

Product Customization Services for Carbon Steel Seamless Pipe:

Brand Name: BaoYang

Place of Origin: Hebei, China

Package: Wooden Cases, Pallets, Etc.

Production: Hot Rolled

Standards: ASTM/ASME/DIN/EN

Alloy Or Not: Non-alloy Carbon Steel

Main Product: Seamless Carbon Steel Pipe

Available Standards: ASTM A179 carbon steel pipe, ASTM A333 carbon steel pipe, ASTM A519 carbon steel pipe

Support and Services:

Our Product Technical Support and Services team is dedicated to providing assistance with any inquiries or issues related to our Carbon Steel Seamless Pipe product. Our experts are available to offer technical guidance, answer questions about product specifications, and provide support for installation and maintenance.

Additionally, we offer services such as on-site inspections, product training, and troubleshooting assistance to ensure that our customers have a seamless experience with our Carbon Steel Seamless Pipe. Our goal is to help our customers maximize the performance and lifespan of their products.
